Profile Summary

I am Parham Roozbeh, born on June 9, 1987, in Boroujerd. I hold a Bachelor's degree in Computer Science with a focus on Software. As a Python developer, I have a strong interest in creating clean, efficient, and scalable code. With over 15 years of activity and experience in IT and software development, I have a strong background in building web applications, automating processes, and developing data-driven solutions. My expertise lies in leveraging powerful Python libraries and frameworks such as Django, Flask, and Pandas to deliver robust applications that meet client needs. I am also a committed IT specialist with a strong foundation in designing, implementing, and managing complex IT systems. I thrive in dynamic environments where I can apply my expertise in both hardware and software, collaborate with cross-functional teams, and drive technological innovations forward. My commitment to continuous learning and staying up-to-date with the latest industry trends ensures that I can deliver reliable, scalable, and secure IT solutions.
